- Bamuni Hills → The ruins of Bamuni hill is famous for its artistic beauty. The structural remains present here date back to the 7th and 10th century and attract historians and art lovers from all over the world.

- Da-Parbatia → Da-Parbatia is one of the most famous Gupta era ruins near Tezpur with an exquisitely carved door leading to the inner temple. On either side of the door are carvings of the Goddesses Ganga and Yamuna, with garlands in their hands. The entire door frame is covered with elaborate carvings of flowers and foliage.

CONCLUSION

The main conclusion of the project is:

- This business will be a great progress and great success, because we provide hygienic food with best service in a pleasant environment.
- Our cost is very less and profit will be very good after deduction of expenses, as shown in the report.
- In our area there is a less competitors, so we could make a good name of our business inside the market by providing tasty and hygienic food with best services in a pleasant environment.
