Percentage of Non-Teaching Staff participating in Professional Development Programs during the last five years

Regarding the DVV suggestion we would like to clarify that out of 25 members of non-teaching staff of our college during the period only 07 of them participated in the professional development programs held in 2022-2023 and 2023-2024. There were no programmes organized for them at college during the period 2019-2020, 2020-2021 and 2021-2022. Hence, we stick to the original data of 07 in metric 6.3.3.2.
